

123 mm Max Opening

HORIZONTAL WELD CAPABILITY AT ANY HEIGHT

The all new, patented Pro Spot CXL Arm gives our resistance spot welders more versatility and ease of use than ever before.

BENEFITS:

- Improved Vehicle Access - Especially for Roof Areas
- Retractable Electrode Allows Wider Opening
- Increased Size for Longer Reach
- Right Angle Electrode Fixtures for Better Access
- Can be used in Auto Mode
- Works on i4s, i5 and i5s Spot Welders
- When combined with the new Ergo Lift Assist, it becomes a High Access Repair System, reaching HIGHER and opening WIDER than conventional arms on the market

APPLICATIONS:
